About Cubbit

At Cubbit we envision a **new internet**: green, privacy-friendly, safe, with no one in control. We're building the first distributed data center, made by the users for the users. Started with a successful Kickstarter campaign, our vision is contagious: indeed, Cubbit is growing fast all over the world and is going to **double the team** in the next months.

We collaborate with partners such as **CERN, Samsung, TIM, and Masmovil**. Our distributed cloud technology has been presented as an excellence in several scientific and technological conferences. Also, we are part of a EU-wide project to renovate the cloud infrastructure for science.

Cubbit is a hi-tech, distributed cloud startup. Headquartered in **Bologna**, Italy, with a branch in **Tel Aviv**, Israel, Cubbit counts **Techstars** and **Barclays** among its global-class shareholders.

Job Description

We are looking for a Graphic Designer to work with our marketing and tech teams. The candidate will become part of an innovative, fast-paced context and make use of his or her exceptional design skills to create original design solutions for global campaigns.

You can apply even if your experience and interests aren't an exact match with what we've laid out in this job description. We are building something different at Cubbit and if this sounds interesting, we want to hear from you.

What you'll do:

- Contribute to build, improve, and further Cubbit's brand locally and globally.
- The candidate will work closely with our marketing and design team on designing impactful ways to deliver the brand message, assist in the execution of campaigns, presentation materials, comps, and anything else that needs visual love.
- Develop graphics, video, and mock-ups materials for integrated marketing campaigns, landing pages, websites, conference booths as well as printed collaterals.

Your Profile and Mindset:

- Creative mindset.
- Team player.
- Obsessive attention to details.
- Ability to create concepts on the fly and collaborate across teams to get things done.
- Ability to work independently and collaboratively to develop effective ideas and concepts.
- Hungry to change the world starting from changing the cloud experience.

What you'll need:

- College degree in Graphic Design and 2+ years of professional experience.
- Professional knowledge of Adobe Illustrator, InDesign, and Photoshop.
- Working knowledge of Adobe AfterEffects, Premiere, (or Final Cut Pro and Cinema 4D).
- Experience with motion graphics/video editing.
- Strong graphic communication skills.

Bonus points:

- 3D modeling.
- Photography skills.
- Experience with sound design.
- Worked in the Cloud industry.
- Experience in international environments.
- Fluent in English.

Benefits:

- A vibrant, young, and informal workplace.
- We are in love with people who want to make the difference and we let them do it.
- Remote work possible after working 6 months with the team.
- Opportunity to participate in the best world fairs and events linked to the tech world.
- Possibility to move in different countries during your career.

Location, Commitment & Contract

Heart of Bologna, city famous for food, warm and young people as well as great life style. Less than 2 hours from the nicest places in Italy: lakes, Tuscany, Venice etc.

Full time job. The type of contract will be defined together with the founders.

If you're a hard worker, an inspiring leader, a humble team player, and a dreamer at heart, Cubbit is the place you are looking for.
